

Guidelines for CARE's collaboration with external organizations:

- I. Collaboration shall:
 - 1. be consistent with CARE's purposes, constitution, bylaws, and privacy policy;
 - 2. be balanced equally across the Colleges, if they are involved;
 - 3. clearly identify and distinguish CARE's activities and initiatives from those of the external organization.

- II. Any discussions with external organizations regarding collaboration shall involve the CARE President and/or other officers designated by the President. Any resulting plans shall be subject to approval by the CARE Board.
