Project Information

Name of project Cabinet for Fossil Quiz materials

Amount of grant requested (max: \$1,500) 630.00 Expected completion date for project 4/15/14

Who will be responsible for completion of the project? Carol Edson

Description - Provide a brief overview of project plan:

Geology is building a wonderful study collection of fossils, demonstrating life forms from 1.2 billion years old to present day. Grants helped purchase these lab materials, and now we hope to use a CARE grant to obtain permanent organized storage for them.

Outcome - Clearly state the outcome to be attained by the project. Be specific.

By underwriting the purchase of a 12 drawer Cornell Cabinet, CARE will benefit future students who will be able to use intact, organized and undamaged fossil quiz sets. These will be utilized during lab exercises and study groups in office hours. Students will optimize their fossil identification skills, and our sets will have a much longer usable lifespan with appropriate secure storage.

Budget - Expenditures must conform to this budget. Total budget should equal award request.

List each planned expenditure, showing: \$ amount, (to) payee, (for) description.
Example: \$56 to AcroScientific for laser pointer (Provide additional narrative if desired.)

12 drawer Cornell Cabinet open face in Natural stain \$420.00
Payee is Butterfliesandthings.com and total will be \$630.00

see invoice

Benefits - Please briefly explain how the project will **improve service to the colleges** in your area of work responsibility. Describe what problem the project will solve, and how long the benefits will last. Be Specific.

Having this cabinet lets us store these delicate, expensive and sometimes irreplaceable fossil specimens in an ideal, safe and well-designed storage unit. Keeping our quiz sets complete and undamaged for many years will leverage the money so generously given in the original grants. Funding this cabinet extends the specimens' working life, and lets far more students benefit from these beautiful and unique materials. The benefits should last 50 years or more.

Agreements: I agree to complete the project as described above and then provide a one-paragraph outcome report including a digital photograph to CARE. (due: June 20, 2014 or by the above completion date.)
I understand that items funded by this grant will be the property of the College.
