Project Information

Name of project Veterans Writing Project

Amount of grant requested (max: \$1,500) \$237.11 Expected completion date for project Ongoing

Who will be responsible for completion of the project? Jim Ott

Description - Provide a brief overview of project plan:

My project is to create and maintain a website to publish the personal narratives of student veterans at Las Positas College (approved by the college president). The costs are the purchase of the web designs, hosting for two years, and the domain name. To see the progress on my project, visit www.lpcvetstories.com

Outcome - Clearly state the outcome to be attained by the project. Be specific.

This writing project encourages veterans to write about their military experiences to assist them in their transition from military to college and civilian life. Research shows that veterans experience improved well-being when writing expressively about their experiences. The website publicly shares these stories.

Budget - Expenditures must conform to this budget. Total budget should equal award request.

List each planned expenditure, showing: \$ amount, (to) payee, (for) description.

Example: \$56 to AcroScientific for laser pointer (Provide additional narrative if desired.)

\$79 to Obex Web Designs for Wordpress graphics (see receipt)

\$14.35 to Go Daddy for domain name purchase (see receipt)

\$71.88 to Go Daddy for 1 year hosting - Linux (see receipt)

\$71.88 to Go Daddy for 2nd year hosting - pending

Total = \$237.11 - A few months ago I paid \$165.23 upfront toward these costs.

I am requesting reimbursement plus \$71.88 for the second year of hosting.

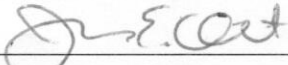

Benefits - Please briefly explain how the project will **improve service to the colleges** in your area of work responsibility.

Describe what problem the project will solve, and how long the benefits will last. Be Specific.

Veterans enrolling in college face many difficulties. Engaging student veterans in writing about their experiences serves as an intervention to assist them in contextualizing these experiences, which allows them to focus on school work and establish a new vision for their futures. In many cases, the veterans report that writing is the first time they reflected in depth about their military service and what it means to their lives. This intervention serves the college by helping veterans become better students.

Agreements: I agree to complete the project as described above and then provide a one-paragraph outcome report including a digital photograph to CARE. (due: June 20, 2016 or by the above completion date.)

I understand that grants will be payable to the College/District and grant purchases will become CLPCCD property.
