

**Chabot-Las Positas Association of Retired Employees
CARE Fund Special Projects Grant Program
2015-2016 Application Form**

Please mail completed form to:
CARE Grants, c/o Bill Threlfall
11 Woodside Glen Court
Oakland, CA 94602

Deadline: November 16, 2015
Award announcement: December 1, 2015

Applicant Information

Name Carol Edson

Site: Chabot LPC District Office

Campus e-mail address cedson@laspositascollege.edu

Campus phone number 925-424-1336
(or home phone if no campus phone is available)

Division or Department Geology/STEMPS

Name of Mgr/Supervisor Dr. Lisa Everett

Project Information

Name of project Difficult-to-source Rocks and Minerals

Amount of grant requested (max: \$1,500) \$500.00 Expected completion date for project May 2016

Who will be responsible for completion of the project? Carol Edson

Description - Provide a brief overview of project plan:

We have struggled to find a few specific rock and mineral samples in adequate quality. Our criteria are exacting, and in several cases, samples ordered were not useable. By having the Geologist on site hand pick our specimens we hope to have only CLEAN useable samples arrive at LPC.

Outcome - Clearly state the outcome to be attained by the project. Be specific.

By using these two vendors, whose samples have already been vetted, we can accomplish this goal. Students in Geology labs will get correct testing results when trying to identify these samples using the standard streak, scratch, and acid tests. The students' careful process will be rewarded with the success of correct identification.

Budget - Expenditures must conform to this budget. Total budget should equal award request.

List each planned expenditure, showing: \$ amount, (to) payee, (for) description.

Example: \$56 to AcroScientific for laser pointer (Provide additional narrative if desired.)

The two separate quotes are attached. Each vendor has already checked their stock, verified the quality with me, and is ready to ship. Rocks in a Hard Place will ship 200 samples total, for a cost of \$103.20. Ward's Natural Science will ship 242 samples total, including a number of larger hand samples, for a total of \$368.04.

Benefits - Please briefly explain how the project will **improve service to the colleges** in your area of work responsibility.

Describe what problem the project will solve, and how long the benefits will last. Be Specific.

We have a few rock samples that are combinations of characteristics. This means they are difficult for beginning lab students to analyze. Our goal is to provide the cleanest, best samples, that meet the criteria for the ID properties for that rock or mineral. This rewards the careful lab students who use correct careful testing technique and therefore can reach the right identification for each sample.

Agreements: I agree to complete the project as described above and then provide a one-paragraph outcome report including a digital photograph to CARE. (due: June 20, 2016 or by the above completion date.)

I understand that grants will be payable to the College/District and grant purchases will become CLPCCD property.

Applicant's Signature  Date 10-26-15

I agree to provide fiscal oversight:
Mgr. / Supervisor's Signature  Date 10/27/15

THANK YOU FOR THE OPPORTUNITY TO EARN YOUR BUSINESS

Installation not included unless otherwise noted.

Customer is responsible for unloading and providing standard receiving facilities for large and/or heavy shipments. Special unloading or delivery can be arranged provided VWR International is notified at the time of order placement. Please note that additional charges may apply to the above. For such arrangements please contact VWR International for a quotation.

It is the customer's responsibility to inspect the shipment upon receipt. If any external damage is noticed, the customer must accept the shipment only after the driver has noted the damage on the customer's delivery receipt and requested an inspection by the carrier. If the shipment arrives with internal/concealed damage, the customer must contact VWR within 24 hours to initiate the right to claim for "concealed damage". VWR reserves the right to repair a damaged product, where applicable, before replacement or credit is determined.

All quotes for installations assume that services related to the equipment are in place at the customer site (including, but not limited to, gas, plumbing, electrical, and ventilation) as per the equipment manufacturer's specifications prior to installation of the equipment. VWR's quote does not include the installation of the aforementioned services.

Items prefixed with "MISC-" are subject to regulatory approval once VWR International receives acceptance from the customer. They are special order, and as such may not be returnable. Please allow 6-8 weeks delivery from the time of your first order or acceptance of this quotation.

VWR's terms and conditions of sale apply. All orders are subject to shipping and handling charges and fuel surcharges. Freight terms may vary. Hazardous items are subject to additional transportation charges. Please visit our website at www.vwr.com for additional information regarding our return policy, product warranty information and other details of our terms and conditions.
