

**Chabot-Las Positas Association of Retired Employees
CARE Fund Special Projects Grant Program
2016-2017 Application Form**

Please mail completed form to:
CARE Grants, c/o Bill Threlfall
11 Woodside Glen Court
Oakland, CA 94602

Deadline: November 14, 2016
Award announcement: December 1, 2016

Applicant Information

Name David Everett Site: Chabot LPC District Office
Campus e-mail address deverett@laspositascollege.edu Campus phone number 925-424-1343
(or home phone if no campus phone is available)
Division or Department MSEPS Viticulture/Enology Name of Dean/Mgr/Supervisor Nan Ho

Project Information

Name of project Upgrading Winery Sanitation Tools/Protocols
Amount of grant requested (see guidelines) \$350 Expected completion date for project ASAP
Who will be responsible for completion of the project? David Everett

Description - Provide a brief overview of project plan:

Acquire (2) industry standard, professional grade, Strahman M-70 Water Gun and Strahman M- 70 "mini" wash-down spray nozzles (which connect to existing hoses) which will support the Viticulture and Enology Programs

Outcome - Clearly state the outcome to be attained by the project. Be specific.

Acquiring these two industry standard, professional grade, Strahman wash-down spray nozzles will greatly improve the sanitation levels we currently experience in and around the college's grape processing areas. High pressure is a critical factor when following sanitation protocols for washing and rinsing winery equipment, hosing down the crush pad and support vehicles traveling from the vineyard. These spray handles feature an enhancement of the existing water pressure from the source. Crazy valuable!

Budget - Expenditures must conform to this budget. Total budget should equal award request.

List each planned expenditure, showing: \$ amount, (to) payee, (for) description.

Example: \$56 to AcroScientific for laser pointer (Provide additional narrative if desired.)

Strahman M-70 Water wash down spray nozzle = \$210

Strahman M- 70 "mini" wash-down spray nozzle = \$120

Tax and shipping will be covered by the remaining \$20 of the \$350 total request

Benefits - Please briefly explain how the project will **improve service to the colleges** in your area of work responsibility. Describe what problem the project will solve, and how long the benefits will last. Be Specific.

As previously mentioned, these wash down spray nozzles will greatly improve the sanitation protocols we currently experience. Sanitation is critical to quality. These nozzles are professional/commercial grade and feature replaceable parts and come with a construction guarantee by a reputable company. We currently experience constant water leakage and unnecessary replacement of our existing residential grade nozzles due to poor construction materials. These nozzles are exactly what are used in the work place and are built to withstand heavy usage. These spray nozzles will save water and the money!

Agreements: I agree to complete the project as described above and then provide a one-paragraph outcome report including a digital photograph to CARE. (due: June 20, 2017 or by the above completion date.)

I understand that grants will be payable to the College/District and grant purchases will become CLPCCD property.

Applicant's Signature  Date 10/24/16

I agree to provide fiscal oversight:
Dean/Mgr./Supervisor's Signature Nan H Date 10/25/16
