Project Information

Name of project Interactive learning tools and aids

Amount of grant requested (see guidelines) \$205 Expected completion date for project Jan 2017

Who will be responsible for completion of the project? Erick Bell

Description - Provide a brief overview of project plan:

Effective accounting teaching requires constant interaction between the students and the instructors, allowing opportunities for students to work on problems individually and collectively in a safe, supportive environment. These following learning aids have proven success of assisting college students in learning and applying important accounting concepts.

Outcome - Clearly state the outcome to be attained by the project. Be specific.

The use of these learning aids within the classroom will result in an increase in the number of students who meet the student learning outcomes associated with BUSN 1A, BUSN 1B, and BUSN 51A

Budget - Expenditures must conform to this budget. Total budget should equal award request.

List each planned expenditure, showing: \$ amount, (to) payee, (for) description.

Example: \$56 to AcroScientific for laser pointer (Provide additional narrative if desired.)

\$150 - 50 individual dry-erase boards with markers and erasers

\$25 - Giant Oversized Calculator

\$30 - Jumbo playing cards

Benefits - Please briefly explain how the project will **improve service to the colleges** in your area of work responsibility. Describe what problem the project will solve, and how long the benefits will last. Be Specific.

These learning aids will make learning accounting fun and interactive. Certain learning aids (for example, individual white boards) will help me identify those students who may need additional assistance in solving problems during class. Other learning aids (for example, jumbo playing cards) will give me an opportunity to randomly assign groups for in-class assignments. Other learning aids (for example, oversized calculator) will bring levity to an otherwise intimidating course, particularly when students come to the front of class to work out problems.

Agreements: I agree to complete the project as described above and then provide a one-paragraph outcome report including a digital photograph to CARE. (due: June 20, 2017 or by the above completion date.)

I understand that grants will be payable to the College/District and grant purchases will become CLPCCD property.
