Chabot-Las Positas Association of Retired Employees CARE Fund Special Projects Grant Program 2019-2020 Application Form

Please mail completed form to:

CARE Grants, c/o Bill Threlfall
11 Woodside Glen Court
Oakland, CA 94602

Deadline: November 11, 2019

Award announcement: December 1, 2019

Applicant Information

Name Liisa Pine Schoonmaker

Site: Chabot LPC District Office

Campus e-mail address lpine@chabotcollege.edu

Campus phone number 510-723-7177
(or home phone if no campus phone is available)

Division or Department Applied Tech & Bus. Welding

Name of Dean/Mgr/Supervisor Kristin Lima

Project Information

Name of project Welder Visibility Project

Amount of grant requested (see [guidelines](#)) \$260.00 Expected completion date for project January 2020

Who will be responsible for completion of the project? Liisa Pine Schoonmaker

Description – Provide a brief overview of project plan:

The Welding Department would like to create a set of screens to be used for an initial run and future printing of t-shirts and welding caps for students faculty and staff.

Outcome – Clearly state the outcome to be attained by the project. Be specific.

The Welding Department is somewhat invisible to the rest of the campus and community due to our operation in a dangerous lab inaccessible to the general public, yet it is productive both in training students for high paying jobs and in supporting the campus and community with fabrication and repair projects. Being able to outfit students, faculty and staff with wearable branding will result in greater awareness of our contribution to various campus and community activities, and will combat stereotypes of what a welder looks like and what they do. We hope to make our department less mysterious and more accessible to a greater number of people and groups who could benefit from and enjoy what we have to offer.

Budget – Tell us what you want to buy: (supplies, apparatus, or services - See [guidelines](#)).

Vendor (supplier)	Item Description (Model # etc.)	Qty	Unit price	Tax	Shipping	Line Total \$
Sciortino Design Group	Artwork setup and initial run of 20 T-shirts	1	\$240.00	\$22.20	n/a	\$260.00
Optional budget notes:						Budget Total: \$260.00

Artwork to be saved for future runs of shirts and welding caps.

Benefits – Please briefly explain how the project will **improve service to the colleges** in your area of work responsibility. Describe what problem the project will solve, and how long the benefits will last. Be Specific.

The Chabot Welding Department seeks greater interaction with both the students and administration of the Chabot Las Positas District, in order to serve our school community in a manner more like that of the of the Welding industry to the general public. We are available to make and repair metal products, give real world demonstrations of challenging scientific concepts, and collaborate with a wide variety of other disciplines to enhance and develop their own output. To the extent that the general public is aware of our wide capability, it will encourage innovative ideas and new ways of learning, both within and outside of our District boundaries.

Agreements: I agree to complete the project as described above and then provide a one-paragraph outcome report including a digital photograph to CARE, (report due: May 22, 2020 or by the above completion date.)

I understand that grants will be payable to the College/District and grant purchases will become CLPCCD property.

Applicant's Signature [Signature] Date 11/11/19

I agree to provide fiscal oversight:
