Comes to Chabot

As part of the partnership between Chabot and BMW, technician training for MINI vehicles has been included in the time that BMW utilizes Chabot as part of their BMW University.

Students in the Chabot BMW A.S. Degree program can also seek employment in over 100 MINI dealerships throughout the US, utilizing the training they receive here at Chabot.

Let's Motor!

FLEA MARKETS

2014

- **Saturday, April 19th, 8 a.m. to 3 p.m.**
- **Saturday, May 17th, 8 a.m. to 3 p.m.**
- **Saturday, June 21st, 8 a.m. to 3 p.m.**

MINI is an iconic brand known worldwide. BMW acquired MINI in 1994, and currently produces multiple models including coupes, convertibles, and even all-wheel-drive. The MINI has been available for more than 50 years and over 6 million cars have been sold world-wide. International automotive writers voted the MINI "The European Car of the Century".

Today's MINI is as modern as the BMW in that they share design and technology. While the MINI may be small in stature, they are a premium car with all of the comforts expected by drivers today.

CONSTRUCTION CORNER

Hesperian Boulevard Landscaping- The design documents for the new landscaping along Hesperian Boulevard are now at DSA for final review and approval. The project, including entry signage, will create a new front to Chabot College and compliment the new buildings constructed by Measure B. We plan on going out for bids in early summer. The photo above is an image of the new campus boulevard design.

Building 100 Library Improvements- The design documents for the Building 100 renovation and seismic strengthening are also at DSA for review and approval. The project will focus primarily on the first floor of Building 100 and provide much needed space for student and teacher learning. Minor renovations will be performed on the second floor Library including a new circulation desk and carpeting for the offices. We plan on going out for bids in early summer.

Building 1700 – Construction Progressing- Building 1700, Math and Science renovation, continues to progress rapidly. Interiors are substantially complete with the walls being painted and the ceiling grids going in. Building 1700 will house Math and Science lecture and lab classes. Also included in this project is the landscaping between Buildings 1700 and 1800. This space will contain plant species not located elsewhere on campus and serve as an outdoor classroom.

P.E. Complex Renovation – Occupied- The renovation to the buildings of the existing P.E. Complex is now complete and the spaces are occupied. Remaining to complete are gates, fences

and some exterior landscaping. The project should be complete in late March.

Building 2100 Cadaver Room Renovation- The renovation to the cadaver room area in Building 2100 Biology is complete and occupied. The old cadaver room has been cleaned and repurposed to serve as a small computer room.

Parking Lot Security and New Reader Board- Construction has started and materials are being delivered for the new security project. The project includes security cameras, emergency

telephones, and a public address system for parking lots G, H, F and J. Also included is a new double-sided Electronic Message Sign for the corner of Hesperian Boulevard and Depot Road. The board will be 46 inches high by 12 feet long and be capable of displaying text, graphics, and basic animation. The above photo shows Chabot’s original sign in front of campus on Hesperian Boulevard (from 1965).

DENTAL HYGIENE PROGRAM

Students Helping Students: A Mutually Beneficial Smokeless Tobacco Cessation Program

Community dental health and the dental hygiene students at Chabot College strikes again! The dental hygiene students conducted Oral Cancer Screenings for the Chabot College Baseball Team. The dental hygiene students performed screening on 40 baseball players, 32 of which confirmed use of smokeless tobacco in a survey.

The event was a success, bringing awareness of the harmful effects of smokeless tobacco to a group of young men whose culture in baseball silently accepts this cancerous habit. In addition, this brought awareness of an innovative product to the future of dental hygiene practitioners.

This community service event was orchestrated by Michelle Hunter, a practicing dental hygienist who has been in private practice for eleven and a half years. Michelle developed this as her Capstone Project which involved development and implementation of a community service based project designed to educate a designated population. Submitted by Nancy Cheung, RDH, MPA

The students used a cutting edge, non-invasive rinse called

ViziLite, which when illuminated with a special light, indicates potentially cancerous lesions.

Our proud Dental Hygiene students

STAFF RETIREMENT 2014

Please join us at a luncheon where we will recognize and celebrate this year's retirees on **Wednesday, May 7th, 11:30 a.m. to 1:30 p.m.** in the Event Center. Our staff retirees include:

Dr. Lani Wilson

Ernesto Victoria

Lorenzo Iriarte

Coach Pete Davis

Julie Segedy

Larry Cain

Monica Munger

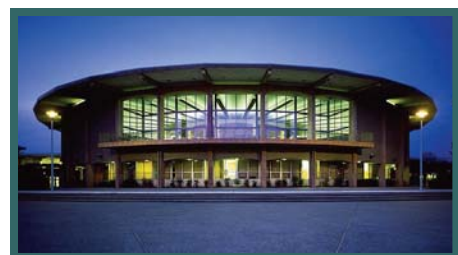

Shari Jacobsen

Mary Dermody

Carey Harbin

Naoma Mize

Marcia Kolb

2014 WOMEN'S HISTORY MONTH EVENT

**KEMBA SMITH**

Criminal Justice Advocate
and
Author of
POSTER CHILD

Kemba Smith is the featured speaker for Chabot College's Women's History Month Event 2014. This event will take place on **Thursday, March 27th from 12 noon to 1:30 p.m.** at the Chabot College Event Center.

Growing up as an only child in Richmond, Virginia, Ms. Smith graduated high school and continued her education at prestigious Hampton University. What happened to Smith in her new campus environment was a nightmare.

In an attempt to "fit in," Smith associated with the wrong crowd and became involved with a drug dealer. He was a major figure in a crack cocaine ring and drew Smith right into the middle of his life with physical, mental, and emotional abuse disguised as "love."

After enduring this turbulent four-year relationship in 1994, her drug dealer boyfriend took her on a cross-country odyssey to elude capture by the authorities. Used by others as a "drug mule," Smith ended up pleading guilty to her low-level involvement in the violent cocaine drug ring.

Smith was sentenced to 24.5 years and served 6.5 years in federal prison. Fortunately, Smith regained her freedom after President Clinton granted her clemency in December 2000.

Her case drew support from across the nation and the world to reverse a disturbing trend in the rise of lengthy sentences for first time non-violent drug offenders. Smith's story has been featured on CNN, *Nightline*, Court TV, *CBS This Morning*, and several national publications.

Smith is a graduate of Virginia Union University, and was a past recipient for a two-year Soros Justice Post-graduate Fellowship for advocates.

She has spoken on panels, testified before Congress and the United Nations regarding a variety of criminal justice issues including: crack cocaine sentencing, mandatory drug sentencing, women and incarceration, felony disenfranchisement, and re-entry.

Currently, Smith is continuing to develop her 501(c)3 foundation, known as the Kemba Smith Foundation.

As a wife, mother, advocate, national public speaker, and author of her long-awaited memoir, *Poster Child*, Smith has received numerous awards and recognitions for her courage and determination to educate the public about the devastating consequences of current drug policies.

Poster Child will be available for purchase at the event, and Ms. Smith is planning to sign books following her presentation.

Admission is free, and all Chabot students, staff, alumni, and our retired staff are welcome to attend. Refreshments will be served after Smith's presentation.

PROFESSOR ROGHANI

Sadly, a long-time and beloved member of the faculty in the Social Science Division, Professor Mohammad Taghi Roghani, passed away on February 13th, 2014 after suffering a heart attack early on in spring semester.

Professor Roghani had been teaching Economics for many years, and was very well-liked by his students and respected by his colleagues. He is survived by his wife and two children.

The family held a private burial service on February 19th in Morgan Hill. Some of Professor Roghani's colleagues attended his memorial service in Walnut Creek on February 22nd.

INTERNATIONAL NIGHT

Looking for a fun way to burn off a few extra calories or stay motivated with your fitness program?

JOIN the staff of the Student Health and Wellness Center for a 15-30 minute walk daily starting March 17th to March 20th at 11:30 AM to 12:30 PM at the track in celebrating the National Nutrition Awareness Month.

FREE WATER BOTTLE & GOODIES for participants and a raffle for FREE GIFT BASKET!!!

THE NATIONAL AWARENESS
NUTRITION MONTH

National Nutrition Month® is a nutrition education and information campaign sponsored annually by the Academy of Nutrition and Dietetics. The campaign is designed to focus attention on the importance of making informed food choices and developing sound eating and physical activity habits.

CAMPUS NEWS

SPRING FLEX DAY-

Over that week, Chabot met to discuss a variety of ways we can serve our students. We had well-attended meetings about accreditation standards and time for colleagues within divisions

and disciplines to work together and plan for their areas. We also

had an outstanding team-building activity with the Great Race.

The Great Race was made up of teams of 4-5 people. It started in the Cafeteria with a few challenges: A cup stacking pyramid task and a cereal box puzzle. Then, teams received

a "test" of campus knowledge and acronym translation. They were

also told to get a picture in front of the public art on building 1900. After that, teams left campus in one of their vehicles and followed a clue that took them to the remains of the imploded building at CSU East Bay.

Teams completed a survey of the sports fields and participated in physical challenges up on the hill. These included hula-hooping and other silly sports. The next stop was the Japanese Tea Garden...where they completed additional

tasks. From there, teams made their way to the parking structure at City

Hall, where they had to perform charades to get their next clue. Then, they followed their walking path through downtown to complete tasks at the Library, the old Fire Station, and the race concluded at City Hall. Teams were scored on their answers to the "test" and challenges, as well as, the time it took for the group to complete the race.

The winning team was **Team #1: Becky Plaza, Ken Grace, Ernesto Victoria, Patricia Molina, and Larry Leach**. The photos are of our participating teams. The Staff Development committee would love to see more photos. Please send them to Cwarda@chabotcollege.edu

SCHOOL OF THE ARTS-

Chabot instructor, **Margo Hall**, is currently featured in the 1987 Pulitzer Prize and Tony Award winning play, **FENCES** at the Marin Theater in Mill Valley. This is the play that Denzel Washington recently performed in on Broadway. Margo's play has been extended with eight shows added and running April 10th through May 18th.

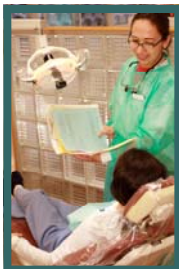

PUENTE PROJECT- The Puente Student Mentor Breakfast was recently held at Cal State East Bay. This annual event was attended by more than 150 people including Chabot Puente students and staff. Cal State East Bay President Leroy M. Morishita spoke about the partnership with CSUEB, Chabot, Hayward Unified Schools, and the City of Hayward. Chabot's Coordinator for the Puente Project **Sandra Genera** stated, "The Chabot Puente Project is very appreciative to the CSU East Bay Office of the President for sponsoring the Student Mentor Mixer. We look forward to future collaborations. Our mentors and administrators really look forward to this event every year. And our Puente students gain so much for meeting with mentors and CSU East Bay representatives."

CAMPUS NEWS

DENTAL HYGIENE PROGRAM-

Chabot's Dental Hygiene Program will be hosting a **FREE DENTAL HYGIENE CARE FOR KIDS** program for children ages 3 to 12 years old taking place on **Saturday, March 22nd from 9 a.m. to 3 p.m.** — **NO APPOINTMENTS ARE NEEDED.**

Dental Education will be provided for the entire family as well as dental screenings, cleanings, and fluoride varnish application for the kids. **FUN, GAMES, AND PRIZES!**

STUDENT SERVICES— A celebration for Latino/a and Chicano/a students who will be earning an Associate Degree, certificate, or transferring to a four-year university will be held on **Friday evening, May 9th in the Event Center starting at 7 p.m.** The invitation is open to students, staff, and faculty, and is being sponsored by CLEA and ASCC.

FORENSICS- This weekend the **Chabot College Forensics team** competed for four days at the California Community College Forensics Association State Championship tournament.

Congratulations go to our four State Medalists! They are:

- ◆ **Jenna Hewitt:** Silver Medalist,
Extemporaneous Speaking
- ◆ **Seini Houa:** Bronze Medal, Prose
Interpretation of Literature
- ◆ **Amanda Fletcher:** Bronze Medal,
Programmed Oral Interpretation of Literature
- ◆ **Leah Daoud:** Bronze Medal, Informative
Speaking

Congratulations to all for their hard work, dedication, and talent, as well as congratulations to **Coach Jason Ames** and **Assistant Coach Tiffany Rogers**. Recognition also goes to **ASCC** for helping to support the Chabot Forensics Team.

Our Forensics Team will be on the road to the Nationals in Denver, Colorado in three weeks.

JOIN US AT THE HAYWARD ANIMAL SHELTER FOR OUR MONTHLY BUNNY ADOPTION EVENT

Meet and adopt the rabbit of your dreams! Find a friend for your spayed or neutered rabbit. Rabbit bonding. Behavior advice. Spay/Neuter information. Nail trims. Purchase toys and supplies for your rabbit. Informational rabbit care brochures and handouts.

Please join us on Saturday, April 5th at the Hayward Animal Shelter at 16 Barnes Court in Hayward. More event information is available at (510) 293-7200. **Adopt and Save a Life!**
