

## **Calculator Return Mary Love, Chabot College**

Thank you so much CARE, for giving us the funds to buy a drop-box for students to drop their calculators off.

The STEM Center has around 730 TI-84 calculators and 175 Scientific Calculators that we lend out each semester. All of our calculators get checked out each semester, so it's super important that our calculators get returned to us at the end of the semester. Our new drop box will help with that!

Students who take night classes or online classes often cannot get to the STEM Center during our open hours to return their calculators. Now that we have the drop-box, they'll be able to return their calculators at their own convenience in a timely manner. This will ensure that we have plenty of calculators to lend in the next semester!
