

Learning Communities Unite Michael Lai, Chabot College

I am excited to share that the T shirts for our student leaders have been designed and produced. We were able to print 38 shirts for our 4 learning communities. The design and coordination were lead with representatives from Umoja, Puente, MOVEMENT, and Nesians Unite. We also had support from our Special Programs Dean's Office and AANAPISI Grant lead. We are now coordinating a time to celebrate the completion of our programs with our student leaders and programs.

Attached is a photo of two of our student leaders with the final product. Thank you.
Best,
Michael, Counselor
